

Innovation week : Spring framework

Jonathan Fairbanks

July 19, 2021

Outline

unorganized notes taken as I go.

PluralSight

Java Spring

<https://app.pluralsight.com/library/courses/spring-framework-spring-fundamentals/table-of-contents>

What is Spring

Dependency Injection framework

Spring configuration using Java

@Beans

decorator over methods

by default they are singletons meaning it will only be called once

Setter injection

Constructor injection

Spring.io Docs

Framework Reference

<https://docs.spring.io/spring-framework/docs/3.2.x/spring-framework-reference/html/overview.html>

Modules

Core container

contains core, beans, context, and expression language modules

Core & Beans

seperates configuration from dependencies

Beans

3 things

Serializable

something

MasterControl

Getter and Setter tags used on some entities

SLf4j

Stands for Simple Logging Facade for Java

very easy to remember

Table with schema parameter used a fair bit
